

SCORE Port Charlotte & UWCC

Mentor Opportunity

SCORE Port Charlotte and the United Way of Charlotte County (UWCC) are teaming up to provide assistance to not for profit agencies receiving or requesting funding from UWCC.

- The mission of SCORE is to provide support to local businesses and organizations that will lead to their greater success.
- SCORE does this through providing mentors who work directly with key individuals of the organization to mutually identify areas where improvements can be made and developing strategies of dealing with those areas.
- SCORE also offers an extensive online library of written and video materials including webinars to address a wide range of topics.
- Beyond its local resources, SCORE nationwide offers subject matter experts who can be accessed through the local SCORE chapter.
- SCORE team members will attend the Mandatory Grant Workshop to become familiar with the requirements agencies must meet during the Grant Cycle.
- While the initial focus will be on the Grant Process, SCORE is available for longer term assistance to help agencies with other needs.

Under the teamwork arrangement between SCORE and UWCC, agencies working with UWCC will be made aware of the availability of SCORE as a resource. The agency makes its own decision to seek assistance from SCORE and works through the regular SCORE process to become a client of SCORE.

- Working with SCORE is free to all clients.
- Agencies will contact the Port Charlotte SCORE administrator via email and provide the ***name of the agency, the names of appropriate contacts at the agency, and contact information including an email address and phone number. The email will also state a brief outline of the kind of assistance the agency is seeking.***
- SCORE will then assign a mentor or team of mentors to work with the agency. The mentor will make contact with the appropriate agency staff to set up an initial meeting.
- After the initial meeting, the mentor and agency members will agree on a work plan to address whatever areas are identified. Subsequent mentoring sessions will be mutually agreed to as part of the work plan.
